Maintenance, Machining, Fabrication and Welding

GV ENGINEERING LTD

HEALTH, SAFETY & WELFARE POLICY STATEMENT

It is this Company's intention that its work will be carried out in accordance with the relevant statutory provisions and all reasonably practicable measures taken to avoid risk to its employees or others who may be affected, through the provision of adequate financial and physical resources.

Management and Supervisory Staff have the responsibility for implementing this Policy and monitoring its effectiveness throughout the Company, ensuring that Health and Safety considerations are always given priority in planning the day to day supervision of work.

All employees and sub-contractors are encouraged to co-operate and communicate with the Company in carrying out this Policy and must ensure that their work, so far as is reasonably practicable, is carried out without risk to themselves or others.

Mr Alan Richardson has ultimate responsibility for Health, Safety and Welfare and is the person to whom reference should be made in the event of any issues arising in the implementation of this Policy.

The operations of this Policy will be monitored by the Management and Staff of the Company with assistance from Mech Consultancy who will provide HSEQ support, through sites and workplace inspections, audits and advice on the requirements of the relevant statutory provisions and safety matters generally in the perusal of continuous improvement in our health and safety performance.

Health and Safety objectives and targets will be developed by the management team using inputs from health and safety meetings, near miss reports, accident statistics, audit and inspection regimes.

This Statement of Company Policy will be displayed prominently at all Sites and Workplaces and will be reviewed on an annual basis.

The organisation and arrangements for implementing the Policy will also be available at each site and workplace for reference by any employee as required.

Signed: 

Alan Richardson, Managing Director
