Environmental Policy Statement

GVEL operates an Environmental Management System (EMS) that conforms to **BS EN ISO 14001 : 2015** certification standard.

GVEL Management has committed to:

- Developing and continually improving our EMS and our environmental controls, so that we can prevent damage to the environments we work in.
- Establishing environmental objectives and targets that allow us to:
 - Reduce our carbon footprint to net zero.
 - Improve our recycling rates.
 - Minimise our energy consumption.
 - Protect the environments that we operate in, avoiding pollution to air, water and land.
- Ensuring that the aspects and impacts of our operational activities are understood and mitigation actions are actively managed.
- Ensuring GVEL complies with the relevant statutory and regulatory requirement.
- Selecting fleet vehicles and equipment that eliminate / minimise environmental damage.
- Ensuring that environmental objectives are reviewed regularly, and that progress is continuous.
- Reporting on internal audit results as a means of monitoring and measuring the processes and the effectiveness of the EMS.
- Ensuring the availability of resources to support the EMS are in place.
- Ensuring all personnel understand the requirements of this Environmental Policy and abide with the contents of the EMS Manual, providing training where required. We will provide opportunities for our workforce to contribute to the improvement of our EMS.
- Work with our customers to deliver projects that are environmentally sustainable.
- Monitoring, through its management team, its environmental performance and implement improvements when appropriate.
- Reviewing this Environmental Policy annually to ensure its continuing suitability.

Copies of the Environmental Policy are available to all members of staff and our interested parties (via the website). Copies of management reviews, or extracts thereof, are provided to individual members of staff, in accordance with their roles and responsibilities as a means of communicating the effectiveness of the Management System.
